FEINE KÜCHE
About **Jürgen Langbein**

Every spoon is a pleasure.

Soup specialty chef Jürgen Langbein founded our company in 1965, based on family tradition since 1880.

Our first product was crayfish stock. With that, crayfish soup or sauce could then be prepared easily in all seasons. This innovation was widely accepted by the gastronomy. Our delicious recipes are always full of creativity.

With our delicate Jürgen Langbein gourmet soup products, you can enjoy a hearty warm soup whenever you want.

Pamper yourself, your family and friends with something special!
